

JASON HEIRONIMUS

TENNIS PRO

Jason is a native Floridian with a lifelong passion for tennis. He began playing and coaching at the age of eight, competing in tournaments across Florida and the southern United States as a standout junior player, Jason achieved a top 100 ranking in Florida and excelled in high school tennis at Clearwater Central Catholic High School, where he consistently ranked as either the #1 or #2 player and qualified for the district tournament each year. Jason's talent and dedication earned him an athletic scholarship to the University of Tampa, where he started as the #2 player in his freshman year and was honored with the Most Improved Player award. By his sophomore season, he had risen to the #1 position and received the MVP award. After two successful years of college tennis, Jason took a hiatus from the sport but returned with a renewed focus on coaching. He spent over three years teaching tennis at the Key Largo YMCA, where he guided several high school players to success in district tournaments and had the opportunity to coach a Special Olympian in preparation for matches in Naples. Jason has been providing private and group lessons to adults and juniors for some time and is enthusiastic about continuing to share his love for the game through teaching and coaching.
